Global Tobacco Control

TOBACCO PACK SURVEILLANCE SYSTEM (TPACKSS)

We seek students who can help code the cigarettes, e-cigarettes, heated tobacco products and nicotine pouches collected for our online database.

Time commitment: 5-15 hours per week

Start date: Immediate (by mid-October)

TOBACCO WATCHER

We are looking for students to help support our AI-driven website focused on the world's tobacco-related news, especially with assistance coding news articles related to smoke-free policy implementation.

Time commitment: 5-15 hours per week

Start date: Immediate (by mid-October)

POLICY SCANS

We are seeking students to assist with data entry and quality checks for our three policy scans. Twice a year, we collect information related to policies on e-cigarettes, heated tobacco products and nicotine pouches in 194 countries, territories and autonomous regions.

Time commitment: 5-15 hours per week

Start date: Immediate (by mid-October)

TRANSLATION ASSISTANCE

We periodically require translation assistance for a variety of printed and digital products. This could include raw translation as well as proofing and/or correcting work done by an external translation vendor. We are especially interested in native speakers, readers, and writers of Bahasa, Bangla, Hindi, Urdu, or Vietnamese.

Time commitment: 5-15 hours per week

Start date: Immediate (by mid-October)

NIELSENIQ DATA

We seek students who are interested in analyzing cigarette price and consumption data from NielsenIQ market scans in Brazil, Indonesia, Mexico and Ukraine.

Time commitment: 5-15 hours per week

Start date: Immediate (by mid-October)

CAPSTONE OPPORTUNITIES

Covering TPACKSS, Policy Scans, Tobacco Watcher and other IGTC focus areas, inquire about other projects featuring data that can support capstone projects.

Time commitment: TBD

Start date: Negotiable
